

Parent – School Contract

Al Ittihad Private School (BR)

Introduction:

A constructive relationship between the school and families is key to ensuring that the students' well-being is at the core of an effective educational experience. It is beneficial for both parties, the schools and the families, if these constructive relationships are based on agreed terms and conditions set out clearly in a contract form.

In addition to this contract, schools should have effective procedures to address and mitigate parental concerns and complaints, while at the same time parents should also be recognized and used as a valuable resource in the educational experience of their children.

To ensure that all parties in this relationship are aware of their duties and responsibilities, families are required to read this document carefully and to ratify it only after all queries have been addressed by the school.

The terms and conditions stipulated in this contract are a reference for dispute resolution. KHDA will uphold the agreement stipulated in this contract when a party refers a matter to KHDA for deliberation and endorsement.

Student Special Support

To ensure a productive learning experience for all students at the school, including those with special needs, it is essential that the school and the families work in partnership. This is defined by certain expectations from both parties to set the condition for a successful identification and support mechanism for the students.

Parents are expected to:

- n Provide the school with copies of all medical, psychological or educational assessments or reports before entry to the school. Such materials are a prerequisite in enabling us to provide the best education for your child. Failure to disclose any such information, including the deliberate withholding of information, may result in your child not making the expected progress in school.
- n Notify the principal in writing if they are aware or suspect that their child (or anyone in his or her immediate family) has a learning difficulty, and the parents must provide the school with copies of all written reports and other relevant information. Parents will be asked to withdraw their child if, in the professional judgment of the principal and the child's teachers, and after consultation with the parents and with the student (where appropriate), the school suspects that such vital information about special needs has been deliberately withheld.
- n Refer to the school's policy on "special educational needs" for full details.

Any future amendment of the contract will be shared with you for review and concerns will have to be raised within four weeks of announcement of changes. Beyond this period the changes will be considered accepted by the parent.

- Should the student resume classes for the new academic year at the same school, the contract will automatically renew for the entire duration of that new academic year.
