Al Ittihad Private School - Jumeira

"A generation of heritage guardians and global thinkers"

2/3/2022

Dear IPS-J Parents, Students, and Staff,

I hope this message finds you well.

Attached please find the new COVID regulations from KHDA, both in Arabic and English, which are effective immediately.

Below are the key points:

- Face masks are no longer required outdoors. They remain compulsory indoors for all staff, visitors, and students in Grade 1 and above.
- Students or staff who are considered close contact but do not show COVID symptoms are not required to isolate and can attend school.
- Students or staff who are considered close contacts and show COVID symptoms can only return to school when they are free of symptoms, even if they have had a negative PCR test.
- We must continue to inform our parents if their child is considered close contact.
- Students and staff who test positive for COVID must isolate for 10 days.
- Health and Safety officers must continue with contact tracing.
- Consistent and regular sanitization procedures must continue to be followed.
- Safety standards from relevant Dubai Government authorities must continue to be followed.
- Physical distancing is recommended.

We also received notification that we no longer have to take temperature checks when entering the school. As a result, our thermal camera tents have been removed.

We look forward to seeing each other smiling again 😊

Wishing you all a wonderful day.

Warmest regards,

On behalf of Dr. Connie and The Executive Team
